

All Entanet ADSL products have a fixed IP address, 10 email addresses (yourname@yourcompany.entadsl.com), forwarding, unlimited aliases or a single "catch all" for mail server use and web space. and can be ordered direct from my web homepage - if you can get internet access anywhere locally. They are normally able to get your line ADSL enabled in 4 working days from receipt

of order, but this is dependant on them receiving the initial payment and direct debit form plus BT wholesale booking the exchange work in. The order can be progressed on line all the way.

Standard unlimited usage products below can be monthly or annual contract depending on activation fee being prepaid or included within monthly fee. You can also choose to pay monthly, quarterly or annually. Capped products have an over use charge of £12.50 which turn the product into the uncapped equivalent for the rest of the current month. All products are paid by direct debit which must be completed and with Entanet prior to the activation date. All prices are ex-VAT.
